Re: Transfer of Sage Mine, S/037/058, San Juan County, Utah

Dear Mr. Butt:

Thank you for your phone call on March 14, 1995, to a member of our staff regarding the status of the Sage mine. We are sorry to hear about your father and send our condolences to you and your family.

As you stated in the phone conversation, you are acting as the personal representative of your fathers estate. We have changed our file record to indicate this. However, we are enclosing a permit transfer form to transfer the mining permit from your fathers name to your name; or from your fathers name to another entity who will take over the Sage mine.

We would appreciate receiving this transfer form at your very earliest convenience. Thank you for your time and consideration in finalizing the transfer of this permit.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
